classical mythology sixth edition continues to build on its best selling tradition of focusing on the literary tradition of greek and roman mythology through extensive translations of original mythological sources its coverage of comparative and interpretative approaches as well as evidence from art and archeology is expanded in this edition morford and lenardon s insightful and accessible discussion of classical myths in their historical and cultural settings as well as their survival in literature art music and film remains unparalleled this comprehensive introduction to classical mythology features new translations expanded critical coverage an expanded art program and a new web site

Jenny March's acclaimed dictionary of classical mythology first published in 1998 but long out of print has been extensively revised and expanded including a completely new set of beautiful line drawing illustrations for this Oxbow edition. It is a comprehensive A-Z guide to Greek and Roman mythology. All major myths, legends, and fables are here including gods and goddesses, heroes and villains, dangerous women, legendary creatures and monsters. Characters such as Achilles and Odysseus have extensive entries as do epic journeys and heroic quests like that of Jason and the Argonauts to win the Golden Fleece. All alongside a plethora of information on the creation of the cosmos, the many metamorphoses of gods and humans and the Trojan War plus more minor figures, nymphs, seers, kings, rivers to name but a few. In this superbly authoritative work, the myths are brilliantly retold along with any major variants and with extensive translations from ancient authors that give life to the narratives and a sense of the vibrant cultures that shaped the development of classical myth. The 172 illustrations give visual immediacy to the words by showing how ancient artists perceived their gods and heroes. The impact of myths on ancient art is also explored as is and their influence in the post-classical arts, emphasising the ongoing inspiration afforded by the ancient myths. Also included are two maps of the ancient world, a list of the ancient sources and their chronology, the more important genealogies and an index of recurrent mythical motifs. Praise for the first edition: 'The dictionary of classical mythology is exemplary indeed the best I have consulted. Clearly and engagingly written, it not only gives reliable answers but also encourages reading on.' Simon Goldhill, *Times Literary Supplement*. 'A prodigious authoritative gazetteer, each entry both typographically and stylistically readable and if you know more than is contained in these pages then you have no need of it.' Nicholas Lezard, *Guardian Book of the Week*. 'Greek myths pervade our own art and literature almost as much as they influenced that of classical times and this will be an invaluable guide.' The Good Book Guide. 'A modern encyclopaedia of myth and legend which is user-friendly in layout, presentation and style, vivid and readable.' Paula James, *The Classical Review*. 'These stories are frequently the spark that ignites a wider interest in the classical world and March provides a wealth of inflammatory material.' Charles Paterson, *Jact Review*. 'This dictionary will still be valuable all through the next century.' Sir Hugh Lloyd Jones, *Vivid*. 'Detailed where it matters yet concise, accurate, no padding, always to the point. It's a joy to read.' Herwig Maehler.

A handbook to the reception of classical mythology presents a collection of essays that explore a wide variety of aspects of Greek and Roman myths and their critical reception from antiquity to the present day. It reveals the importance of mythography to the survival, dissemination, and popularization of classical myth from the ancient world to the present day. Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance. Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance. Offers a series of carefully selected in-depth readings including both popular and less well-known examples.

Exploring Greek Myth offers an extensive discussion of variant forms of myths and lesser-known stories including important local myths and local versions of panhellenic myths. Clark also discusses approaches to understanding myths, allowing students to gain an appreciation of the variety in one volume. Guides students from an introductory understanding of myths to a wide-ranging exploration of current scholarly approaches on mythology as a social practice and as an

expression of thought written in an informal conversational style appealing to students by an experienced lecturer in the field offers extensive discussion of variant forms of myths and many lesser known but deserving stories investigates a variety of approaches to the study of myth including the sources of our knowledge of greek myth myth and ritual in ancient greek society comparative myth myth and gender hero cult psychological interpretation of myth and myth and philosophy includes suggestions in each chapter for essays and research projects as well as extensive lists of books and articles for further reading the author draws on the work of many leading scholars in the field in his exploration of topics throughout the text

this book looks to construct a detailed portrait of the myth of the greek hero jason this involves examining all extant evidence both literary and iconographical for this hero up until the end of the fifth century b c

an excellent primer on classical mythology for readers who have little or no background of classical knowledge
