the spanish civil war was fought on land and at sea but also in
an age of great interest in air warfare and the rapid development
of warplanes the war in spain came a turning point in the
development of military aircraft and was the arena in which new
techniques of air war were rehearsed including high speed
dogfights attacks on ships bombing of civilian areas and tactical
air ground cooperation at the heart of the air war were the
condor legion a unit composed of military personnel from hitler s
germany who fought for franco s nationalists in spain in this
book michael alpert provides the first study in english of the
spanish civil war in the air he describes and analyses the

intervention of german italian and soviet aircraft in the spanish conflict as well as the supply of aircraft in general and the role of volunteer and mercenary airmen his book provides new perspectives on the air war in spain the precedents set for world war ii and the possible lessons learnt
